

# ENSF 608 Fall 2021 – Lab 10

November 17, 2021  
Dr. Emily Marasco

# Recording Notice

Classes may be recorded. Recordings will only be uploaded to University approved platforms such as D2L, will only be for use by students and staff associated with the course, and will not be disseminated to a broader audience by the University.

If a student turns on their microphone or camera, or uses the public chat feature, this constitutes consent for the student's video image or sound audio to be uploaded with a recording. If a student wishes to ensure that their questions/faces/voices are not recorded in the video, they should instead use the private chat feature to ask questions.

# Goals for Today

- Review solutions to Assignment 3
- Introduction of Assignment 4
- Introduction of Design Project

# Reminder: Virtual Office Hours

- New form posted on D2L for each week
- 10 minute appointments with myself and the TAs
- Use D2L Zoom links for chosen session
- Must reserve 30 minutes ahead of **session** start time
- Contact Dr. Marasco for any changes

# Project Overview
